

## Using Admin Functions

The admin functions are designed to allow users the ability to simply review and manage various aspects of their Plant Assessor membership.

### Enhanced admin functions include:

1. Library - add machine & company specific documents
2. People - user & employee setup
3. Owner setup & management
4. Assessments, Actions & Scheduling Dashboards - click see an overview of your assessment history, fleet status, outstanding actions and scheduling forecast

The screenshot shows the Plant Assessor admin interface. At the top, there's a navigation bar with icons for Favourites, Machines, People, Sites, Library, Actions, and Dashboards. The 'Machines' section is highlighted with a green circle '2.'. Below the navigation bar, there's a sidebar on the left with options like 'ADD NEW MACHINE', 'Keyword Search', 'FILTER BY', 'PRE START REPORT', 'SCHEDULE ASSESSMENTS', 'DUPLICATE ASSESSMENT', and 'INVOICE REPORT'. The main content area shows a list of machines under the heading 'Machines'. The list includes a 'Select All Machines (0 Selected)' checkbox and two machine entries: 'Yanmar - VI050#1 (Excavator - Small (0 - 9.9 Tonne))' and 'Kanga - DL620 (Loader, Skidsteer - Stand On)'. On the right, there's a user profile dropdown menu with options like 'Manage Owners', 'Plant Specs', 'My Account', 'Change Password', 'Change Company', and 'Logout'. A red circle '3.' is placed above the user profile, and an orange circle '4.' is placed above the 'DASHBOARDS' icon in the navigation bar.
