

## Pre-Start Sharing Screen

Supplying a machine to a site can be completed in the pre-start sharing screen. Simply conduct a pre start checklist as you normally would. On the sharing page follow the steps below.

Sites can be cleared at anytime by clicking **CLEAR** then clicking **SAVE**

1. Click in the **SITE** field then start typing. Once you see the required site click on it
2. Click **SAVE**
3. Click **CLOSE**
